Filibuster, Led By La Follette, Defeats Armed Neutrality Bill

Action Denounced As "Most Reprehensible In History of Any Civilized Nation."

Senator Stone, Democrat, of
Missouri, One of Twelve
Who Tie Hands of Presi-
dent in Great Crisis.

WASHINGTON, March 5.—Twelve Senators led by Senator La Follette and encouraged by Senator Stone, Democrat, Chairman of the Foreign Relations Committee, in a filibuster, denounced by President Wilson's spokesmen as the most reprehensible in the history of any civilized nation, defied the will of an overwhelming majority in Congress up to the last minute Sunday and denied to the President a law authorizing him to arm American merchant ships to meet the German submarine menace.

Unyielding throughout twenty-six hours of continuous session to appeals that their defiance of the President would be humiliating to the country; uncompromising in a crisis described to them as the most serious to the nation since the Civil War, La Follette and his small group of supporters refused a majority of their colleagues an opportunity to vote on the armed neutrality bill and it died with the Sixty-fourth Congress at noon.

PEKIN, March 5.—The cabinet decided that China should join the United States in breaking off relations with Germany. This decision was submitted to the President, who refused to approve the cabinet's action, saying such powers rested entirely with him. Premier Tuan Chi-jui resigned and left for Tien-Tsin, accompanied by several other members of the cabinet.

COPENHAGEN, March 5.—Germany is now drawing upon church bells for war requirements. An order appropriating bronze church bells after March 1 is published in the German press. One bell in a chime may be retained in default of other means for summoning the congregation to worship. A regulation covering the confiscation of aluminum cooking utensils also is published.

PANAMA CITY, March 5.—Germany has established a submarine base in the Gulf of Darien, Panama officials believe. The result of their investigations have been reported to officials at Washington. It was asserted by officials that what they believe to be German submarine activities in these waters was a part of the German plot.

BUENOS AIRES, March 5.—Port authorities boarded the Dutch steamer Amstelland and seized a bag containing 1,500,000 marks and addressed to the German Trans-Atlantic Bank's branches in Buenos Aires, Santiago and Montevideo. The authorities also confiscated a large quantity of unstamped German mail.

BERNE, (via Paris), March 5.—The recent report that the Austro-Hungarian Government has determined to make every effort to maintain diplomatic relations with the United States is corroborated by information reaching here from Vienna. The strong impression prevails that Austria-Hungary intends to make every sacrifice which it regards as reasonable to avoid a rupture.

LONDON, March 5.—A wireless dispatch received from the Spanish steamer Infanta Isabel, on which James W. Gerard, the former American Ambassador to Germany, and his party are passengers, says: "Finisterre, 8:30 p. m. Wednesday. Passed German danger zone without incident. Weather delightful."

SAN FRANCISCO, Cal., March 5.—Franz Bopp, former German consul general, under prison sentence as a result of conviction for conspiring against the neutrality of the United States, denied that he was paymaster of German agents in Mexican war ports. The agents were said to have negotiated purchases of coal for German war ships.

WASHINGTON, March 5.—Count von Bernstorff, the former German ambassador, was instructed from Berlin to arrange the dismantling of German war bound ships in American harbors at the same time he received the Zimmerman note for transmission to Mexico.

This added thread in the mesh of German intrigue spun around this country while Germany was still protesting friendship, was allowed to become known with the inference that full and detailed instructions were sent Bernstorff from Berlin to make war by this country impossible.

WASHINGTON, March 5.—President Wilson has no intention of taking action that would bring war with Germany unless Congress is summoned in extra session. This was communicated to Senate leaders by representatives of the President, who

takes the position that if no extraordinary crisis arises it will not be necessary to call an extra session before late in the spring.

GUADALAJARA, MEXICO, March 5.—General Candido Aguilar, the provisional minister of foreign relations, formally denied that the Mexican Government has been approached by Germany with the object of forming an alliance hostile to the United States.

NEW YORK, March 5.—Participation in an elaborate spy plot organization to send men to Great Britain under guise of being American newspaper correspondents whose real purpose was to serve as spies and supply Germany forbidden information as to the civil and military conditions in England was charged against Albert A. Sander, Carl W. Wunnenberg and Geo. Vaux Bacon, in indictments found here by the Federal grand jury. It was said additional indictments had been found against other German agents in this city, to be filed when it is thought expedient to do so. The grand jury is to continue its investigation of spy evidence to be brought before it by the United States Attorney. Sander and Wunnenberg furnished bail bonds and were released.

DES MOINES, IA., March 5.—The Iowa Department of Justice has ruled that newspapers printing the American flag at the head of their editorial columns or at any other place are violating the Federal law. The statute provides that no flag or representation of a flag shall be printed or stamped on any article of merchandise.

NEW YORK, March 5.—Frank H. Simonds, the noted writer upon the great war, who has just returned from Europe, arriving on board the Finland, the last American ship to leave Liverpool, brought with him the story that in the first fifteen days of the unrestricted German submarine warfare, the British disposed of twenty-five German submarines, accounting for five of them in one day.

TOKIO, March 5.—Japan has received no proposition from either Mexico or Germany, directly or indirectly, to join in a possible war against the United States, Viscount Motono, Japanese foreign minister said.

NEW YORK, March 5.—The six passenger ships of the American line held in this harbor by the German blockade are ready to take on guns as soon as Congress authorizes the government to arm American merchant vessels. A naval constructor and two ordinance officers from the navy yard continue an inspection of the American line ships.

WASHINGTON, March 5.—The naval appropriation bill was sent to the President shortly after 1 o'clock Saturday morning, when final Congressional action was taken. The Senate agreeing to the conference reports previously accepted by the House.

WASHINGTON, March 5.—Naval officers and administration officials are incensed at Senator Stone's disclosure in the Senate debate that the navy had planned equipping merchant ships with light, swift submarine chasers to guard them against submarines in the prohibited zone.

BERLIN, March 5.—The admiralty made the following announcement today: "On March 1 expired the final period of grace allotted for sailing ships in the Atlantic. From this date no special warnings will be given to any boats by submarines."

WASHINGTON, March 5.—Germany, in a note delivered to the State Department by Dr. Paul Ritter, Swiss Minister, promises the release of the Yarrowdale prisoners on March 17, saying quarantine regulations will have been complied with by that date.

CHICKEN THIEVES BUSY.

Chicken thieves have been unusually busy around Paris these cold winter nights, and a large number of losses have been reported to the Paris police. Saturday night the marauders broke into the hen house at the home of Misses Julia and Mary McCarthy, on Winchester street, and stole six fine Rhode Island Red hens. The thieves were tracked a considerable distance, by tracks in the fresh snow, leading in the direction of Claysville, but were lost. There being no negro camp in the progress it is hard to understand the activity of the thieves at this time of the year.

RECEIVE FINE DOG.

Turney Bros. have just received a very fine Irish Setter dog that was shipped to them from a famous kennel in Atlantic, Iowa. This handsome bird dog will head the noted kennel of the Turney Bros. They have a very select lot of this popular breed of dogs and are making it a very popular and profitable business and are shipping the product to all parts of the country to lovers of the well-bred bird dog.

THE TOBACCO MARKET.

While the dates have not been positively or publicly set for the closing of the tobacco warehouses in Paris, indications are that the end of the season is close at hand, and may be reached by the fifteenth of this month, though some good tobacco remains still unsold. Receipts were not as heavy last week as the earlier part of the season, due principally to the weather, the heavy snowfalls making the roads bad for hauling to the market. Much of the tobacco that was sold last week was of an inferior quality, and that fact accounts for the decline in price. Considering these circumstances the market is well up with other markets in the State, and ahead of many of them.

BOURBON WAREHOUSE—FRIDAY, MARCH 2.

The Bourbon Tobacco Warehouse Company (consolidated) sold Friday 119,320 pounds of tobacco for \$20,355.62, an average of \$17.05. The quality of the offering of the Bourbon floor was about the poorest of the season. Some crop averages follow:

T. J. Fleming sold 10,280 pounds for an average of \$18.83 per hundred pounds.
Peed & Kenton Bros. sold 7,930 pounds for an average of \$18.44.
Fisher & Fogle sold 5,255 pounds for an average of \$18.66.
R. A. Mitchell sold 3,575 pounds for an average of \$18.32.
Caldwell & Thompson sold 10,640 pounds for an average of \$18.07.
Houston & Jones sold 3,980 pounds for an average of \$17.96.
Kuster & Son sold 5,005 pounds for an average of \$17.96.
Drennan & Dray sold 2,625 pounds for an average of \$17.59.
Marshall & Moreland sold 4,955 pounds for an average of \$17.45.
Dodge & Stoker sold 5,570 pounds for an average of \$17.25.
Sharrard & McWilliams sold 6,070 pounds for an average of \$17.15.
Leer & Bailey sold 3,170 pounds for an average of \$17.12.
Johnson Garrison sold 2,170 pounds for an average of \$17.04.
Hurst & Goff sold 4,275 pounds for an average of \$16.90.
Brown & Kenney sold 3,555 pounds for an average of \$16.92.
Collier & Wall sold 3,540 pounds for an average of \$16.89.
Woodford & Pridemore sold 2,035 pounds for an average of \$16.81.
Connel & Myers sold 2,520 pounds for an average of \$16.55.
Caywood & Prichard sold 5,640 pounds for an average of \$16.10.
Beechcraft & Carter sold 4,260 pounds for an average of \$16.09.
The next sale will be held Monday, March 5.

BOURBON WAREHOUSE—MONDAY, MARCH 5.

The Bourbon Tobacco Warehouse Company sold Monday 12,705 pounds of tobacco for \$2,256.32, an average of \$17.75. Some crop averages follow:
Ben Woodford & Son sold 4,265 pounds, average \$19.95.
Hutchinson & Son sold 4,030 pounds, average \$18.45.
Current & Jones sold 2,485 pounds, average \$15.39.

INDEPENDENT WAREHOUSE—MONDAY, MARCH 5.

There was but a small quantity of tobacco on the floors at this house Monday, a total of 7,410 pounds being disposed of for an average of \$16.26. Some of the crop averages follow:
Redmon & Ritchie sold 3,885 pounds for \$62.53; average \$16.79.
Hedges & Paulconer sold 2,365 pounds for \$373.05; average \$15.77.
J. W. Redmon sold 160 pounds for \$24.00; average \$15.45.

DOCKET FOR MARCH TERM CIRCUIT COURT HEAVY.

The March term of the Bourbon Circuit Court, which begins next Monday, promises to be one of the busiest in years. Last Friday was the last day on which suits for this term could be filed. The civil docket shows 400 cases. On the Commonwealth docket there are thirty-eight cases, two of which are indictments for alleged murder. The retrial of the case of Lee Deaver for the killing of Sidney G. Clay, will come up at this term of court.

The docket comprises 278 old equity cases, 68 old ordinary cases, 29 equity appearance cases and 25 ordinary appearance cases. The Commonwealth docket comprises 38 cases. Two of them murder cases, are set for trial on the second day of the term.

UNFORTUNATE ACCIDENT.

As she was crossing the icy pavement in front of her home on Duncan avenue yesterday morning to take a conveyance to the L & N depot, Mrs. Sallie Hedges slipped and fell, striking the back of her head. She was rendered unconscious by the blow. Mrs. Hedges was taken into the house, and a physician summoned, who rendered medical aid. Mrs. Hedges and Mr. and Mrs. Wm. Grimes had planned to leave for Florida yesterday morning and it was while making preparations for departure that Mrs. Hedges met with the unfortunate accident, which caused a change in their plans.

K. P. DISTRICT MEETING.

The Knights of Pythias District Meeting for the section including Paris and Bourbon county, will be held in Cynthiana on Thursday, March 22, instead of Tuesday, March 27, as previously announced. Rathbone Lodge, of Paris, will send representatives to the meeting.

WEALTHY BOURBON COUNTY FARMER MYSTERIOUSLY MISSING.

The filing of a suit in the office of Circuit Court Clerk Wm. H. Webb, Saturday afternoon by Messrs. J. Elmer Boardman and Charles R. Walls, both of the Little Rock vicinity against Mr. Wm. W. Talbot, a wealthy bachelor farmer of the county, brought to light a case of mysterious disappearance.

Mr. Talbot, who is now in his seventieth year, is a prominent farmer and stock dealer of the Ruddles Mills precinct, where he had spent practically his entire life. Several weeks ago he sold his farm near Ruddles Mills, this county, for \$10,000, and at the same time disposed of all his household goods, stock, crops, etc. He deposited the money received from this sale in one of the Paris banks. A few days ago he bought from Mr. J. Elmer Boardman, of near Little Rock, eighty acres of land near Little Rock for \$90 an acre, and ten acres adjoining this, from Mr. Chas. R. Walls, for a lump sum of \$2,500. The deed was drawn up and was to have been delivered last Thursday, with the express understanding that Mr. Talbot was to pay the cash down for his purchase, that being his own proposition.

On Thursday morning Mr. Talbot came to Paris, and drew all the money he had previously deposited there, saying he would have to pay out a good part of it for a land deal, and that he wanted to get through with it, as he did not like to carry so much money around.

That was the last seen of him in Paris by anyone, as he did not appear at the office of the attorneys who were to receive the purchase money and turn over the deed to him from Boardman and Walls. His friends and relatives here made a vigorous search for him, but no clue has been found as to his whereabouts and the fear is expressed that he has been foully dealt with.

Failing to get any trace of Mr. Talbot, or any reason for his sudden and mysterious disappearance, Mr. Boardman and Mr. Walls filed suit Saturday afternoon in the Bourbon Circuit Court against Mr. Talbot for \$2,500, which they claim as damages alleged to have been sustained through Mr. Talbot's alleged failure to fill his contract in the purchase of their lands. In their petition they allege that he "has left the county to avoid service for a summons."

It was later learned that Mr. Talbot had sold all his personal property to a neighbor, stating that he would likely have no further use for it. He came to Paris and placed his horse in a buggy in a livery stable, went to the bank, drew out all his deposits, and disappeared.

In his affidavit in the suit Mr. Boardman says that "Mr. Talbot has no property in the State subject to execution, or not enough to satisfy plaintiff's demand; that he has left the county to avoid service of a summons and has sold and disposed of his property with fraudulent intent to cheat, hinder or delay his creditors."

GRAND LODGE MEETING.

Gen. Jack Ritter, of San Francisco Cal., Commander-in-Chief of the Patriarchs Militant of the United States, is in Louisville to make arrangements for the annual meeting of the Sovereign Grand Lodge of Odd Fellows, to be held in that city, beginning September 17. Odd Fellows from all parts of the world will be in attendance at this meeting.

NEW CYNTHIANA HOSPITAL.

A new hospital is to be incorporated at Cynthiana. Stockholders of the old Harrison Hospital have signed over to the new company all its hold assets, and liabilities, and the Rev. C. W. Wiley, chairman of the soliciting committee, with his assistants, M. C. Swinford, W. H. Lail, T. E. King, R. V. Bishop, S. H. Rankin, L. C. Rice, A. Goldberg, C. A. Renaker, Hanson Peterson and J. D. Armistead, is ready to begin the campaign for funds. The sum desired is \$10,000.

TELEPHONES TO BE HELD FOR WAR USES.

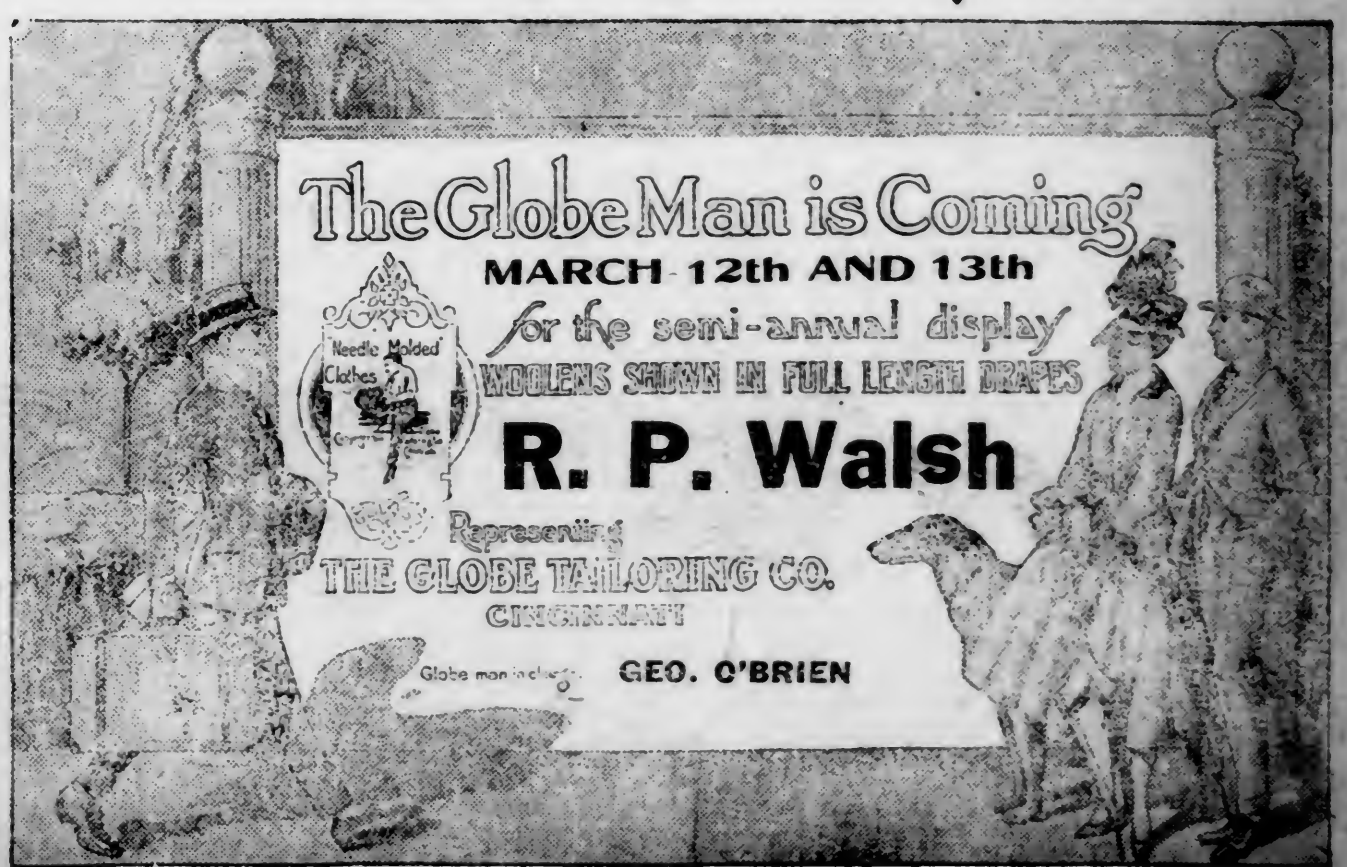

As an example of the commendable manner in which the big corporations of the country are upholding and co-operating with the U. S. government in the present crisis between this country and Germany, the Cumberland Telephone and Telegraph Company, which owns and operates the Paris exchange, has issued orders to its managers everywhere to hold their entire supply of reserve instruments until further orders, subject to the requisition of the War Department for military use. The orders further specify that the long distance and local lines are at all times to be placed at the disposal of the United States military authorities without cost, and that such business is to be given right-of-way over all private messages, even to the total exclusion of the latter.

MEETING OF CREDITORS

A meeting of the creditors of Mr. Jas. H. Batterton, who recently filed petition in involuntary bankruptcy in the U. S. District Court at Frankfort, will be held in the court house in this city, at ten o'clock, on Wednesday morning, March 14. The meeting will be presided over by Hon. A. M. Cox, of Cynthiana, Referee in Bankruptcy, who will hear the petition, and take action in regard to setting a date for the public sale of stock, fixtures, etc. for the benefit of Mr. Batterton's creditors.

ter. Orders to the manager of the Mt. Sterling exchange were published in a Mt. Sterling paper.

Information was received here yesterday from the headquarters of the Cumberland Telephone & Telegraph Co., at Louisville, to the effect that the company had withdrawn its street canvassers from the work of soliciting further business for the company. It was said that the manufacturing plants hitherto busy supplying telephone instruments for business and family use are now humming with the manufacture of field telephones for army uses in the trenches and elsewhere. The Cumberland Co., it was learned, is not seeking further business for fear that the orders for new telephones cannot be filled.

Making Militia Service Attractive.

It is generally admitted that the militia organizations of the several States as a whole are not efficiently developed, and would be a weak resource in case of war. Some States have very good militia forces, but in the country as a whole this is not the case.

In many localities the National Guard is not a popular organization. This may be partly because these forces are sometimes used to put down strikes. If the State officials resolutely prevent the soldiery from favoring either side in such quarrels, and merely protect life and property, this element of unpopularity would largely disappear.

Some of the States build handsome armories with pool tables, bowling alleys, dance floors. They turn the boys loose in this pleasant club life without expense.

Yet there is in many localities a tendency to slur the militia forces. Many humorists always refer to them as "tin soldiers." Considering how these tin soldiers responded in the Spanish war, these humorists probably never offered themselves for any purpose of national defense.

Militia regiments have sometimes discredited themselves by too much high jinks at their encampments. With a lot of young fellows loose by themselves, red blood boils over. These sporty encampments have not been nearly so much of a factor in recent years, since efforts have been made to improve these organizations. There is a lot of warm patriotism in the average young American. This feeling is very much of a motive in seeking enlistment. A well conducted militia develops manliness and physical self-command, and is entitled to support from all good citizens.

Women Who Pose As Men.

Every once in a few days one reads in the newspapers of some case of a woman who has disguised herself in men's clothes, and has gone out to work at some position commonly filled by a man. Probably there are many more cases of these disguises that are never discovered, or at least never made public. It is the lawless and irresponsible end of the general movement for freer conditions for women.

To many women with courage and physical strength, the limitations still thrown about their sex seem not merely absurd, but unjust. They feel perfectly competent to run street cars, build bridges, or dig ditches if need be. They see that nothing prevents their earning a man's pay at some strenuous occupation, except the accident of sex. For this they were in no wise responsible. The limitations of this sex accident can apparently be wholly eluded by the simple expedient of cutting their hair, and donning a man's suit, shoes and hat.

As far as physical ability is concerned, most of them would "get by" in the disguise, were they not betrayed by something feminine in their appearance, or through some of the embarrassing details of the situation. No doubt the conventional exclusion of women from certain employments seems so unfair that they feel conscience clear in disregarding the laws of the State and social customs.

It is of course, a proceeding not to be encouraged. Men and women are not yet arrived at that sexless state of perfection where they can herd together unobtrusively. But some of the prejudices that hinder the advance of women, when known to be women, should so disappear that no woman would have the shadow of reason for posing as a man.

The men who object to the entrance of women into some new field are usually the inefficient and unsuccessful, who fear lest they could not stand feminine competition. The sense of fairness has long ago said that any work that a woman can do without injury to herself should be open to her on even terms.

DISAGREEABLE WEATHER SENDS "SPRING OVER THE HILL"

The Paris people who went around a few days ago singing "Spring's just over the hill," because one warm day happened along, must have felt very much disconcerted the other morning, when they woke up and found what a disagreeable change had come over the face of their landscape.

The man who controls the weather business stretched himself just a little bit too far on that morning apparently, in an effort to help keep up the ground hog's reputation. Following a period of one or two warm days there came a heavy fall of rain which later turned into sleet, hail and then a mixed mass of heavy, wet sticky snow that soon clogged up the streets and sewers, and made the day one of the most disagreeable of the season. Walking was almost impossible on the pavements, and the melting snow soon converted the streets into pools and puddles of sticky, mush slush a hundred times worse than the heavy snow of some weeks ago.

Verily if spring was "just over the hill" a day ago, something must have happened to the machine, and caused it to get in reverse some way. The heavy snow interfered very seriously with the telephone service of both the Cumberland and Home Telephone companies, breaking down wires. Several phones were burned out by breaking wires becoming crossed with fire alarm and electric light wires, in East Paris, putting the telephones out of commission. The services in the country districts was also crippled by breaking limbs from trees falling across the lines. The slush made traveling on the county roads an exceedingly disagreeable proposition.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

GENERAL FUNSTON.

In the death of General Frederick Funston the United States army has lost a highly capable officer and first class fighter, while the United States as a nation has been deprived of the services of a loyal patriot and an honest man. The city of San Antonio, in particular, has lost a sincere and disinterested friend.

General Funston was easily the most picturesque figure in the army of the United States. His varied and adventurous career, his sturdy character, marked by intense loyalty to his friends among all classes of people made him one apart from the majority of men.

Throughout his life General Funston made a success of whatever he undertook. Now that his work is finished exceedingly few mistakes will be found in it. Certainly, whatever he did for his country was well and wisely done. In the larger and better sense of the word he was preeminently a successful man, and he was at all times and places, and under all conditions, a manly man.

The nation has lost a soldier whom it could ill spare at any time, and least of all just now. His death has left a vacancy in the army which will not be adequately filled for a long time to come.

TEST CARS MAKE 4,638,412 MILES DURING 1916

Goodrich tire-testers must average 300 miles per day—equal to 630 round trips from New York to Frisco.

"During 1916 our fleet of tire testing cars traveled 4,638,412 miles which is equivalent to 630 trips from New York to San Francisco and return, and they used upwards of 390,000 gallons of gasoline," said Dr. W. C. Geer, Chief of the Development Department of the B. F. Goodrich Company as he was leaving for Washington recently.

This statement was given out as six of the test cars left for the South where they will avoid the snow covered roads of Ohio for the next several months in making their strenuous tests of the Goodrich products. The cars have been unable to make the required 300 miles every 24 hours in Northern Ohio and since this mileage is considered imperative by the Operating Committee it decided to transfer the work to a field where it can be carried on without any interruption.

At Chattanooga the present fleet will be increased by five new cars and at Atlanta three more will be added, bringing the entire number up to 14 cars with a crew of 37 men, all expert drivers who enjoy a record for 1916 that was free from accidents.

"When I began driving one of these test cars," said one of the drivers, "I thought it was all fun, but I soon had this taken out of me for I have to make at least 150 miles during the day and then turn my car over to a night driver who also makes 150 miles. We keep a complete record of every tire and the tires as well as the cars are inspected by the factory experts every morning before we start out. It is pleasant enough to be a tourist, but to be turned loose on the road with a car and nothing to do but wear out the tires is a pleasure that soon develops into a serious business."

"The Goodrich Company insists that the test car drivers not only observe the laws of the community through which they travel, but they also must exercise every precaution that tends to promote the 'Safety First' idea."

TO TAKE UP PARIS ON THE MIDLAND TRAIL.

The Paris Commercial Club and all citizens of Paris, who are interested in the National highways which are projected for the territory between San Francisco and Jacksonville, Fla., will soon be asked to stir themselves in an effort to secure the Midland Trail for Paris and Bourbon county.

The only portion of this great highway which is now in doubt is the stretch lying between Lexington and Ashland, and it is the intent of the cities along the line to have the Trail located so as to pass through Paris to Maysville. The Maysville Chamber of Commerce has prepared and forwarded a letter to that effect to the Paris Commercial Club.

The other route that has been proposed would pass from Lexington to Ashland through a mountainous section of the State where road building would be an enormous task. This would cut out Paris and Bourbon county, and Maysville and Mason county. To avoid this and to secure the co-operation of Paris, and Manchester and Portsmouth, O., the Maysville Chamber of Commerce has inaugurated a get-together campaign with the commercial bodies of those three cities, in concerted movement to secure this great highway.

The value of this National highway to Paris is a matter which should be of the greatest interest to every citizen of Bourbon county. During the tourist season, which is now close at hand, these popular highways are traversed by from five to fifteen cars a day, with an average of four people to a car, which will bring to Paris daily twenty-five to fifty visitors, who would spend from \$2 to \$5 each in the towns where stops would be made. Aside from this they would be a big factor in advertising the towns through which they would pass, to the people of the whole country.

LOOK AT A CHILD'S TONGUE WHEN CROSS, FEVERISH AND SICK.

Take No Chances! Move Poisons From Liver and Bowels at Once.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

"TANLAC SMILE" GREETED FRIENDS

Old Hotel Man Tells How He Got Back Good Humor.

"TANLAC DID IT," HE SAYS

"You're sure looking good these days. Where'd you get the smile?" That's the way his friends now greet Joseph Kolb, who lives at the Sherwood Hotel in Cincinnati. Mr. Kolb

JOSEPH KOLB.

was in the hotel business in Cincinnati for 20 years and is well known all over Ohio and Kentucky.

"That's my 'Tanlac Smile' and I got it after Tanlac had built up my run-down system," is Mr. Kolb's answer.

"But I couldn't always smile this way," Mr. Kolb said. "For several years I was bothered by a dropping of mucus in my throat. It made me 'grouchy' because I couldn't get rid of it. It got on my nerves, too, and kept me awake nights."

Began Losing Weight.

"My stomach went back on me, and naturally I lost my appetite. I couldn't eat much without being sick afterwards. I suffered from bloating and belching gas after eating. I had that tired, heavy feeling, too, and it seemed as if I just had to drag myself around. When I began to cut down on my meals I started to lose weight, too, and my friends got worried about me."

"One of them suggested that I try Tanlac and I did. I am glad to say that it helped me back to health. I've got a man-sized appetite now and can eat anything I want without suffering afterwards. I don't have that heavy feeling in my stomach after meals. My food digests without any trouble and I know it is because Tanlac has fixed me up."

Glad to Praise Tanlac.

"I am glad to pass the good word along to anyone who is suffering like I did. I know Tanlac will do them some good. It sure fixed me up. That's why I'm wearing this 'Tanlac Smile.'"

Tanlac, the master medicine and reconstructive tonic, is sold exclusively in PARIS by Varden & Son. Other exclusive agents in nearby towns are as follows:

STANFORD INTERIOR-JOURNAL IS SOLD FOR RECORD PRICE

What is said to have been a record price for a country newspaper was paid at Stanford, Saturday, when Mr. J. H. Wright purchased the Stanford Interior-Journal from Mr. S. M. Sauffley for \$25,000. The Interior-Journal was established in 1860, and was conducted for twenty-five years by Col. W. P. Walton, of Lexington. Mr. Sauffley bought it about five years ago from Mr. Edward Walton, at about half the figure he sold it for. Mr. Wright is a young farmer of near Stanford. The Interior-Journal is issued semi-weekly.

LIFT YOUR CORNS
OFF WITH FINGERS

Tells How to Loosen a Tender Corn or Callous So It Lifts Out Without Pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called Freezone, which the moment a few drops are applied to any corn or callous the soreness is relieved and soon the entire corn or callous, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callous without inflaming or even irritating the surrounding tissue or skin. A small bottle of Freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callous. If your druggist hasn't any Freezone he can get it at any whole sale drug house for you. (adv)

ART IN TRAFFIC GUIDE.

The most progressive development in the post which stands at the intersection of two streets and warns the autoist to "Go to the Right" has been made by the little city of Modesto, Ark. being made artistic and ornamental concealing their utilitarian purpose as far as possible. They are built of concrete, cast in a decorative mould, and topped by a concrete basket which holds ferns or flowering plants. Just below the basket and set in the thickness of the post is the red lamp which warns drivers at night.

SPRING COLDS ARE DANGEROUS

Sudden changes of temperature and underwear bring spring colds with stuffed up head, sore throat and general cold symptoms. A dose of Dr. King's New Discovery is sure relief. —Mr. L. B. Keal and daughter, Miss Ella Louise Keal, have returned from a visit to Mr. and Mrs. John M. Woods, in Winchester.

—Messrs. Alex Rice, Charles P. Mann, Allie Rowland and Thomas Marsh were on a prospecting trip in Spencer county last week.

—Ned Wallace Brent, little son of Mr. N. Ford Brent, who has been ill at his home on Pleasant street for several days, is improving.

—Mrs. Curtis P. Smith, who has been a guest of Mrs. W. H. Renick, Mr. and Mrs. Duncan Bell and Mr. and Mrs. B. M. Renick, in Paris, for several days, will return this week to her home in Dallas, Texas.

—Mrs. M. H. H. Davis was the charming hostess at the last meeting of the Coterie Club, a recently-formed social organization in Paris. The hostess was assisted in receiving and entertaining her guests by her daughter, Miss Soula Davis. The first prize was won by Mrs. M. J. Lavin. At the conclusion of the games, lunch was served in the dining room. Cut flowers and blooming plants in the living room spread a delightful fragrance. At the dining table where the guests were seated for the luncheon, a French basket of lavender primroses, tied with lavender tulle, occupied the center. The place cards for the guests were of primrose designs, in water colors. The hostess for the next meeting of the Club will be Mrs. Charles W. Heck.

FRED MACE, FAMOUS MOVIE
COMEDIAN, DIES SUDDENLY

Fred Mace, the famous movie comedian, whose large figure and comic acting have amused thousands of people in the movie houses in the United States, and who has proved one of the most popular movie actors in the estimation of fun-loving people of Paris, was found dead in his bed in a New York hotel, Friday, Mace, who had been associated for a number of years with different movie concerns in California, was a native of Los Angeles. He had come to New York for the purpose of taking a course in weight reduction, his increasing weight having become a source of great annoyance to him. Mace's death was attributed to a stroke of apoplexy sustained while taking a strenuous course of exercise in banting to reduce his flesh. His friends assert that in six weeks he had reduced his weight from 257 pounds to 200 pounds and that the violent exercise he had been taking had impaired his health. He was a remarkably active man in spite of his great weight, and had gone through hundreds of the severest tests known to movie people in the performances in which he took part.

DANIEL BOONE RELIC.

A huge chip from one of the most historic trees in the State, a slab from a beech tree in Letcher county and bearing the initials of Daniel Boone with date 1781, has just been brought to Lexington and is in the care of Mrs. W. H. Thompson, of the Bryan Station Chapter, Daughters of the American Revolution.

The relic will be mounted, put into a glass case and sent to Washington to be permanently on display in the Kentucky room of Continental Hall, as the gift of the chapter.

Permission to remove the big chip was secured by Mrs. R. L. Pilling, historian of the Bryan Station Chapter, from W. H. Potter, of Kona, owner of the land on which the tree stands.

The tree for generations has been a landmark. It is on Boone's Creek, 200 feet from the Kentucky River. Within recent years it has been visited by thousands of tourists who desire to see the initials and date cut there by Daniel Boone.

WATCH YOU STEP.

The postoffice department at Washington has issued a fraud order against "The National Mail Order Brokerage Exchange, 520 Globe Building, Minneapolis, Minn." Letters addressed to that firm or any firm of a similar name at the same number, are not mailable, and are sent to the Dead Letter Office, at Washington, when there is no return address on the envelope to indicate the sender.

This firm has been attracting the trade of women chiefly, and has been discovered by the Postoffice Inspectors to be a fraud pure and simple. A number of Paris women have been caught by the swindlers. At the local postoffice a number of letters addressed to the firm by Paris people are being held for return.

Watch your step! Don't be caught by extravagantly worded circulars and attractive promises from mail order houses a thousand miles away, where you have no recourse. Patronize home merchants who you know are responsible for the character of goods they sell you.

A WATER PIPE DETECTIVE.

Locating lost or hidden water pipes is the function of a newly patent device which promises to prove a friend to the plumber and to the municipality which has to repair its water pipes. The new machine is expected to prove useful by cutting the amount of digging necessary to locating a leaky pipe down to a minimum, a very useful quality where paving has to be torn up. Such a device is also badly needed where a leak must be found quickly to prevent flooding. The detective is an electric one, consisting of two connecting wires and a microphone worn by the man operating it. The connections are fastened to the nearest terminals of the pipe, and by listening in the microphone the operator can tell when he is directly over the hidden section.

Even Hoboken has gone pro-American.—Richmond Virginian.

WARNING TO SEED BUYERS.

The new Kentucky seed law was enacted nearly a year ago and has been in effect since September 23, 1916. Everybody concerned has had ample time to comply with it, yet it seems there are people who are not familiar with it, and some who intend to defy its provisions. Briefly stated, it requires that all field seeds, such as those of clover and oats, must bear a label giving the percentage of purity and of germination, and that sealed packets of vegetable and flower seeds shall bear the date of filling and the percentage of germination. Failure to label seeds properly renders the seller liable to a fine of from \$25 to \$100 for each violation. The law was enacted for the protection of Kentucky farmers and seedsmen and this open letter is an appeal to them to uphold it by insisting that it be complied with.

Do not receive seeds that are not labeled as the law requires.

Buy only of people who comply with the law.

Insist that field seeds be honestly labeled with the approximate percentage of purity and germination.

Insist that sealed packets of seeds bear the exact date of filling and the percent of germination in large type.

If you find dodder, sour dock, or wild onion seeds among field seeds, send us samples for testing. It will be done free.

Secure a copy of the law in Circular No. 5 of the Department of Entomology and Botany, and read it carefully.

"There's a Reason"

THE WEATHER.

The forecast for the week beginning Sunday, March 4, as sent out from the Weather Bureau at Washington, is as follows:

For Ohio Valley and Tennessee: Fair greater part of week; first part cold; much warmer after Tuesday.

Following the heavy fall of sleet and snow which caused the streets to overflow with slush last week, a heavy snow fell Saturday night and all day Sunday, almost equalling in depth the snow of several Sundays ago. Telephone service in the city and county was again crippled, as well as the mail service. All mails were late, as well as a great many males. Considerable difficulty was experienced in getting the mails transported from the L. & N. station to the postoffice. As a result patrons had to wait some time for their mail.

The wind blew all day Sunday at a high speed, piling the snow in huge drifts in the streets, and almost stopping traffic. All Paris was practically snowbound Sunday, and only a few had the hardihood to venture out and brave the elements.

Reports from the county precincts state that almost a blockade prevailed on the pikes on account of the heavy snow drifts. Previous snows had formed an icy undercrust which furnished a good foundation for Sunday's heavy snowfall. Yesterday the situation remained very much the same.

The street cleaning department was put to work with teams and drags early Sunday morning opening a path way on the pavements and streets, thus enabling traffic, in a measure to be resumed. But the all-day down fall soon partly blocked the way again, necessitating the work done over.

FIRE DESTROYS HOME.

A tenant house on the farm of Mr. Granville Denton, of Paris, located on the Ruddle's Mills pike, near Paris, was destroyed by fire Friday morning. The fire is supposed to have had its origin in a spark from the kitchen stove. The house was occupied by Mrs. J. R. Johnson, who saved a small portion of her household effects.

PARIS BOWLING LEAGUE.

Thursday night witnessed another close and exciting finish between the Fordham Hotel and the R. P. Walsh teams in the Paris Bowling League race. Both teams were on their mettle, and put forth some mighty efforts to out bowl the other, the Hotel team finally landing winner by the narrow margin of twenty pins. While no unusually high scores were made, the best ranged in the neighborhood of 190. Duncan made the highest score in the games, bowling 192 in the second game. The high men were Jones, for the Fordham team, with 186 in the first game, and Duncan, for the Walsh team, with 192 in the second game. Jones also held down second place for the Hotel team, with a score of 175 in the second game. Duncan registered the highest average for the three games, his figures being 176 1-3.

The next games will be played at the Fordham Hotel to-night between the Curtis Henry & Co. and the R. P. Walsh teams. The score of Thursday's game follows:

THE LYCEUM COURSE

The lecture at the City School Auditorium by Dr. Euclid B. Rogers, on Friday night, was one of the genuine treats of the Lyceum Course, and was enjoyed by a delighted audience. This was the last number in the Lyceum Course. The attendance was not what it should have been, the weather and other influences operating against it, but those who attended were amply repaid in the quality of the entertainment afforded them. Dr. Euclid's lecture was a gem of oratory and high thought interspersed with flashes of wit and humor that stood out like diamonds in gold setting. Paris hopes to have him here again.

C. W. E. M. MEETING.

Mrs. Joe. D. Eooth, president of the C. W. E. M. presided at the meeting of that organization, held in the parlors of the Christian church Friday afternoon. After the opening exercises, and the transaction of routine business Mrs. R. B. Hutchcraft made a report of the meeting of the State Board, held at the Central Christian Church, in Lexington Thursday, giving particular attention to the address delivered to the meeting by Mrs. Josephine M. Stearns, of Indianapolis, Ind., who is one of the secretaries of the International Board.

The program at this meeting was furnished by the Triangle Club Mission Band and the Young People's Missionary Society, under the direction of Mrs. W. W. Judy and Mrs. Houston Rion.

NEW INSURANCE AGENCY.

Mr. John A. Glenn, who has been stationed in Paris for the past two seasons as resident buyer on the local tobacco markets for the American Tobacco Company, has closed his connection with that concern, and will enter the insurance field.

Mr. Glenn, who enjoys a wide acquaintance throughout the Bluegrass, and especially in this city and county, will have his headquarters in this city as local representative of the H. G. Hoffman Insurance Agency, of Mt. Sterling, and will be Special Agent in this territory of the Pacific Mutual Insurance Co., of which Mr. Hoffman is the State Agent. Mr. Glenn will open his office here as soon as he can make the necessary arrangements for the transfer.

Mr. Glenn is a native of North Carolina, but has made Kentucky his adopted home. He is a young man of fine business ability, and is certain to make good in his new calling. He is very popular among the farmers and tobacco men, and with many others who are glad to know that he has decided to remain in Kentucky. Mr. Glenn has been in Mt. Sterling several days conferring with Mr. Hoffman.

GOOD SHOWING.

Commenting on the good showing made by the city of Paris in the financial statement published in a recent issue of THE NEWS, the Flemingsburg Times-Democrat says:

"There don't seem to have been any grass growing in the streets of Paris since the saloons were voted out, and to obviate any danger of that sort in the future, they are planning to pave Main street with brick from 'teen to 'een' this season, and other streets in the near future. And all this with not a dollar of saloon 'revenue'."

THIRD DEGREE CONFERRED

The degree team of Bourbon Lodge I. O. O. F. conferred the Third Degree on four candidates at the meeting held last night. The degree team is getting in readiness for a month's campaign for new members, which is to be inaugurated soon.

THE "INVINCIBLES" MAINTAIN THEIR PAST REPUTATION.

Because of their skill, dexterity and superior playing the girls' basketball team of the Paris High School has earned the very appropriate title of "The Invincibles," from the fact that it seems impossible to defeat them, they having a clean score for the 1916-1917 season.

"The Invincibles" went to Carlisle, Saturday night, and in a game fought under many difficulties, won from the Carlisle High School girls' team by a score of 38 to 10.

The game was played in a dimly-lighted tobacco warehouse, which was quite a disadvantage to the girls, coupled with the further fact that the ball used in the play was exactly the same color as the warehouse floor, making it almost impossible at times to see it. There was considerable interference in the play on the part of the Carlisle team, according to the report brought back by some of the spectators, but, in spite of all, "The Invincibles" fought all the harder, and added a new score to their long list of brilliant victories.

The Paris line-up comprised Misses Lona McCord, Carrie Rose, Fannie Heller and Vallette McClintock, and Misses Beatty, Bramlette and Lytle substitutes. Carlisle was represented by Misses Stacy Cheatham, Hazel Woodall, Virginia Harrison, Katie Henry, Mary Curry and Ruby Reed and Lorena Campbell as substitutes.

The season will close for the Paris girls' team on next Monday night, when they will play the Carlisle team at the Paris Y. M. C. A. gymnasium. We are certainly proud of the graceful, athletic girls who have represented Paris this season in the basketball game. They are trumps!

The game scheduled between the girls' team and the girls' team of Hamilton College, Lexington, to have been played at the Paris Y. M. C. A. yesterday afternoon, was cancelled. The Hamilton College team, evidently scenting defeat at the hands of "The Invincibles," did not put in their appearance, and a long distance message brought the information that they would cancel the game.

MYSTERIOUS FIRE DESTROYS COTTON FOR ALLIES.

Several thousand tons of cotton consigned to Liverpool was destroyed Friday night in a fire in the hold of the British steamship Carolinian, of Garland Line, at Baltimore, Md. The vessel had about finished loading and would have cleared Saturday morning. Included in the cargo was a large and varied supply of merchandise assigned to the Allies. The capacity of the vessel is 7,000 tons. The origin of the fire has not yet been determined.

Firemen cut holes in the side of the boat with acetylene torches in order to get at the fire, located directly beneath the engine room. The loss is not yet known.

JEWS IN U. S. ARMY.

There are about five thousand Jews in our comparatively small army. That is a revelation to those folks who think that all Jews are bankers, clothiers or peddlers. This history of all countries shows that the Jew is as patriotic as other men, and that is all the more wonderful considering that with the exception of our own land and Great Britain the Jew meets with hardships and persecution in well nigh every land.

Dissolution Sale

— OF —

BOURBON FARM!

On account of the ill health of Mr. Wallace Chappell, we have decided to dissolve the partnership existing between Chappell & Ashcraft, and will sell at public auction, on

WEDNESDAY, MARCH 14, 1917

at 10 o'clock, a. m., on the premises, at Escondida Station, six miles from Paris, our farm, described as follows:

TRACT NO. 1.—A tract about one and one-half acres, more or less, located in Bourbon County, Ky., at Escondida Station, on the double track of the Louisville & Nashville Railroad fronting on the Escondida pike, and having thereon a comfortable frame residence of four or five rooms and two-halls and necessary outbuildings, cistern, etc., and being the home place of L. C. Ashcraft.

TRACT NO. 2.—The farm of Chappell & Ashcraft lying in Bourbon County, near Escondida Station, on the double track of the Louisville & Nashville Railroad, containing about 141 acres, about 33½ acres lying on the southwest side of said railroad and about 107½ acres on the northeast side. The last tract fronting on the Escondida pike, and the two tracts connected by a gateway and passage way across said railroad. During the past year we have built a new 6-acre tobacco barn; new double corn crib, 300 to 400 barrel capacity and new cabin on this land. This farm is close to store, school and church.

Tracts 1 and 2 will be offered separately and then as a whole, and the best bid or bids accepted.

RELIGIOUS.

The Missionary Society of the Methodist church will meet in the church parlors at 2:30 o'clock this (Tuesday) afternoon, Mrs. John Kiser will be the leader. A full attendance of the membership is urged.

The second quarterly conference of the Methodist church will be held in this city on next Sunday, March 11, at which time the communion services and Sacrament of the Lord's Supper will be observed. In the absence of the Presiding Elder, Rev. C. F. Oney, the session will be presided over by Rev. J. L. Clark, President of the Kentucky Wesleyan College, at Winchester, who will preach at both services.

When Billy Sunday opens in New York we presume the other theatrical attractions will have to increase their advertising.—Tampa Tribune.

HIGH COST OF POTATOES.

The potato, a vegetable that can be served in many different styles, and a mainstay for a family in moderate circumstances, has joined the long list of high-cost-of-living products, and no longer be looked upon as a life-saver. Here in Paris this delicious tuber is selling for about 2 1/2 cents each, or nearly \$1.25 per peck. Would you believe it could have ever happened so in this day and generation? Now the economical housewife will have to rack her brain to find a substitute for the potato.

APPOINTED ADMINISTRATOR

In the Bourbon County Court, Mr. James B. Clark was appointed administrator of the estate of Charles Sharp, who died near Paris some weeks ago. Mr. Clark qualified with R. H. Burris as surety. Messrs. R. B. Crouch and Perry Tipton were appointed to appraise the estate.

Mrs. Mary A. Jones was on Saturday appointed as administratrix of the estate of Basil Jones, deceased. Mrs. Jones qualified with Squire John J. Redmon as surety. H. C. Smith, T. J. Judy and B. W. Rash were appointed to appraise the estate.

MARCH COURT DAY.

March court day in Paris was a handsome and desolate looking one. There was a small crowd in town, and the cold air, snow and ice sent them hurrying back home as soon as they could get their business transacted. Politics, tobacco and war prospects formed the principal topics of conversation. Mules comprised about the only stock on the market. Caywood, Smith & McClintock sold two to Mr. Burns, of Nicholas county for \$510, and two to Frank Collins for \$450; Doc Farris sold two to Charles Hamilton for \$280, and Arch Gummi sold one to John Woodford for \$250.

IT PAYS TO ADVERTISE

Last week Mr. John Wiggins, of the Hutchison precinct, inserted a small ad in THE NEWS desiring a man for farm work. On Friday morning before the paper had been on the street very long three applicants came to THE NEWS office, and Friday afternoon three more came in know who the advertiser was. Saturday several others came and even yesterday morning two came on the same errand, saying they saw the ad in THE NEWS. All of which shows THE NEWS to be a valuable advertising medium and a widely-read county paper.

PARISIANS IN FLORIDA.

One of the most popular places in Florida where Paris people are spending the winter is Fort Myers. It is truly a typical tropical town which many Kentuckians visit each year, and it is becoming more popular each year. Among the Paris and Bourbon county people now there are Mr. and Mrs. Chas. Darnaby, Dr. and Mrs. M. H. Bailey, Mrs. May Stoner Clay and daughter, Miss Alice Rogers Clay. Mrs. G. C. Thompson writes from St. Petersburg that they are having delightful summer weather here, following the cool spell of a few weeks ago. Paris people are scattered all through Florida, many of them being in Eustis, others at Tampa, Jacksonville, Daytona, and at other points well-known as winter resorts.

FEBRUARY MADE AN UNUSUAL WEATHER RECORD.

February's temperature record was within one degree of the highest temperature ever recorded for any day of the month in the thirty-four years since the establishment of the weather bureau in Lexington, according to the monthly meteorological summary. On February 26 the temperature rose to 71 degrees above zero. On two days, all previous daily temperature records for those days, were broken. The lowest temperature for the month was 7 degrees below zero, on February 5.

The snowfall for the month was 7.4 inches. On February 4, the wind attained a velocity of 60 miles an hour. Fifteen days marked the record of the month. Two thunderstorms and three days of sleet were recorded also. Only seven days of the entire month were clear. The sun shone 99 hours out of a possible 302 hours, or 33 per cent. of the hours possible for it to shine.

—Miss Sue Jordan, who has been ill several days, has recovered sufficiently to resume her duties at L. Frank & Co.'s.

—Rev. and Mrs. W. O. Sadler and little son were in Flemingsburg last week at guests of Mrs. Sadler's mother, Mrs. James W. France.

—Mrs. J. M. McIntire and daughters, Misses Katherine and Elizabeth, have returned to their home in Flemingsburg, after a visit to relatives in Paris.

—Miss Carrie Rogers has returned to her home in Georgetown after a pleasant visit to her sisters, Mrs. Roy Clendenin and Mrs. Maggie Rogers McClintock.

—Messrs. Paul O'Connell and Jeff Smith, of the Louisville & Nashville, have returned from a month's tour of points in the Southern States and in Havana, Cuba.

—Mr. and Mrs. Thos. Kennedy and little son, J. T. Kennedy, of near Winchester, are guests of Mrs. Kennedy's parents, Mr. and Mrs. J. H. Stivers, on Cypress street.

—Miss Margaret Ardery is entertaining Mrs. Walter Coleman, of Burgin, Ky., who, as Miss Florence Noe, was a student at Bourbon College several years ago.

—Mr. and Mrs. Samuel Oldson, of the North Middletown vicinity, have gone to Spencer county, where they have taken possession of the farm they recently purchased near Taylorsville.

—Mr. Mason G. Talbott has returned to Huntington, West Virginia, after a visit to relatives in North Middletown. He was accompanied by Mrs. Talbott and Master Wm. Lunceford Talbott.

—At the banquet given to the tobacco buyers at Flemingsburg by the members of the Fleming Tobacco Association Friday, Mr. Guy Overby, formerly of Paris, responded to the toast, "Hoy We Buy Tobacco."

—Woodford Wornall, son of Mr. and Mrs. Wm. P. Wornall, who has been very ill of measles at the home of his parents, near this city, is reported as improving. John Max, son of Mr. and Mrs. Henry May, who has the disease, is also improving.

—Mr. C. T. Masterson, who recently sold his farm in Spencer county, has returned to Bourbon, and has moved to the C. P. Mann farm, on the Paris and Winchester pike, which he recently leased. Mr. Masterson says he is still in the race for Jailer.

—Deputy State Fire Marshals Ed Hite and Frank Thompson, from the State Fire Marshal's office at Frankfort, were here Friday on business. Several old buildings in Paris that had been condemned and ordered torn down were inspected by them and ordered removed at once.

—Mr. J. Quincy Ward was host to the members of the Neighborhood Bridge Club at Frankfort, Friday evening. There were three tables of players. Several of Mr. Ward's Paris and Bourbon county friends attended. Luncheon was served the guests at the conclusion of the games.

—Mr. Carter N. Martin and family, have rented the cottage at the corner of Boone and High streets recently vacated by Mr. and Mrs. Clifton Blackberry. Mr. Martin recently sold his general store at Stony Point. Mr. and Mrs. Blackberry and Mr. Oscar Peddard have moved to the country.

—Miss Mary Kenney Webber attended the annual pledge dance given by the Tau Beta Fraternity of the University of Kentucky, in the Phoenix Hotel ballroom, at Lexington, Friday evening. The dance was one of the most enjoyable social events of the season. Miss Hogarty's Orchestra furnished a fine musical program for the dancers.

—The Young Men's Dancing Club will give a Subscription Dance at Varden's Hall, on next Thursday night, March 8. Music for the dancers will be furnished by the Montague Saxophone Trio, of Lexington. The hours will be from 8 a. m. to 2 p. m. Many visitors from surrounding towns are expected to attend.

—There has been quite an exodus of North Middletown people from that vicinity to other points during the past few days. Mr. and Mrs. Lunceford Talbott, who recently sold their farm, have moved to Paris, where they have leased a house; Mr. Wm. Redmon and family have moved to near Elizabethtown, on the Hume and Bedford pike; Mr. Sam. Oldson and family have gone to Spencer county to reside; Mr. Curtis Duncan and family have moved to Shelby county, where they recently purchased a farm; and Mrs. L. E. Swetnam and family,

RECAPITULATION OF COUNTY ASSESSMENT COMPLETED

The work of tabulating and recapitulating the returns of the assessment of Bourbon county, as made by the County Assessor, and deputy, and examined and verified by the Board of Tax Supervisors, recently adjourned, has been completed by County Clerk Pearce Paton, and his assistants.

The result shows a total assessed valuation of farming lands, town lots and personal property in the county for the year 1917 to be \$17,060,763. This is an increase over the figures for 1916 by \$262,623. The report shows that 153,614 acres of farming lands in the county have an assessed valuation of \$11,220,205; the town lots are valued at \$3,074,430. The report in full, as compiled from County Assessor Gilkey's books, is printed below:

PRESIDENT CONFIRMS STORY OF GERMAN PLOT.

WASHINGTON, March 5.—President Wilson, last week, in response to the Senate's call, laid before that body official information that the United States Government is in possession of evidence which establishes the authenticity of the sensational document disclosing how Germany intrigued to ally Mexico and Japan with her to war on this country.

In response to a Senate resolution, the President transmitted a report from Secretary Lansing, stating that the evidence has come to the possession of the United States within the last week and that the authenticity of Foreign Minister Zimmerman's instructions to German Minister von Eckhardt in Mexico City is established, as revealed by the Associated Press. The President's reply to the resolution and Secretary Lansing's report are as follows:

"To the Senate:
"In response to the resolution adopted by the Senate on March 1, 1917, requesting the President to furnish the Senate, if not incompatible with the public interest, whatever information he has concerning the note published in the press of this date purporting to have been sent January 19, 1917, by the German Secretary for Foreign Affairs to the German Minister to Mexico, I transmit herewith a report by the Secretary of State, which has my approval.
"WOODROW WILSON."
"To the President: Concerning the resolution adopted by the United States Senate on March 1, 1917, requesting that that body be furnished if not incompatible with the public interest, whatever information you have concerning the note published in the press of this date, purporting to have been sent January 19, 1917, by the German Secretary for Foreign Affairs to the German Minister to Mexico, I have the honor to state that the government is in possession of evidence which establishes the fact that the note referred to is authentic and it is in possession of the government of the United States, and that the evidence was procured by this government during the present week, but that it is in my opinion incompatible with the public interest to send to the Senate at the present time any further information in possession of the government of the United States relative to the note mentioned in the resolution of the Senate.
"Respectfully submitted,
"ROBERT LANSING."

The Senate, without comment, ordered the report and letter printed and referred to the Foreign Relations Committee. Adoption of the resolution asking for the information came at the close of a day of solemn debate, which reached a climax with Republican Senators joining Democrats in condemning the action of Senator Stone, Chairman of the Foreign Relations Committee, who declared the story of the plot was given out by the government to affect public opinion, and insisted upon asking the President whether the information was received from the representatives of any belligerent nation. Senator Fall, Republican, said he did not wonder that the President decided to reach public opinion through the press in view of the attitude of members of the Senate who ought to be his advisers.

ZIMMERMAN'S LETTER IN ALLEGED GERMAN PLOT

WASHINGTON, March 5.—Following is the letter of instructions sent by Foreign Minister Zimmerman, of Germany, to German Minister von Eckhardt in Mexico City disclosing the plot for an alliance of Germany, Mexico and Japan against the United States:

"BERLIN, January 19, 1917.
"On the 1st of February we intend to begin submarine warfare unrestricted. In spite of this it is our intention to endeavor to keep neutral the United States of America.
"If this attempt is not successful we propose an alliance on the following basis with Mexico: That we shall make war together and together make peace. We shall give general financial support and it is understood that Mexico is to reconquer the lost territory in New Mexico, Texas and Arizona. The details are left to you for settlement.
"You are instructed to inform the president of Mexico of the above in the greatest confidence as soon as it is certain that there will be an outbreak of war with the United States, and suggest that the president of Mexico, on his own initiative, should communicate with Japan suggesting adherence at once to this plan, at the same time offer to mediate between Germany and Japan.
"Please call to the attention of the president of Mexico that the employment of ruthless submarine warfare now promises to compel England to make peace in a few months.
"(Signed) ZIMMERMANN."

ORIENTAL TIMBER BAMBOO.

The plantings of the Oriental timber bamboo in northern Florida and Louisiana have grown to a height of 25 feet, and there is no longer any question about their producing in this country good cane comparable to those which they produce in China and Japan. A quick method of their propagation has been worked out so that it will be now possible to supply large enough quantities of the young plants to set out many small areas throughout the South, from the Carolinas to California wherever there is sufficient moisture and the land is not too high priced to admit of their cultivation.

"DIVINE HEALER" DIES.

LOS ANGELES, March 5.—August Schrader, self-styled divine healer, whose trial on a charge of fraudulent use of the mails was interrupted by illness, died at the county hospital. Francis Schletter, also claiming to be a divine healer, and Schrader were indicted a year ago for the alleged receipt of money for "blessed handkerchiefs" sent through the mails.

RANK FOOLISHNESS.

You occasionally see it stated that colds do not result from cold weather. This is rank foolishness. Were it true colds would be as prevalent in midsummer as in midwinter. The microbe that causes colds flourishes in damp, cold weather. To get rid of a cold take Chamberlain's Cough Remedy. It is effectual and is highly recommended by people who have used it for many years as occasion required, and know its real value. Obtainable everywhere.

A FLAG OVER EVERY SCHOOL

Many of the city schools and some country schools keep our country's flag waving above their playgrounds. This is a commendable practice and should become general.

The Stars and Stripes, our national emblem, should mean much to every American. It stands for the best things of our country, equal rights to all, equal opportunity for everyone, the privilege of self-government, for human liberty in the Western Hemisphere. For these principles it

trifles in the past have bled and died and this memory makes the flag more treasured and more worthy of reverence. Now the duty falls on every American of keeping the flag true to these same ideals and of protecting it from any encroachments from the outside.

A flag over every school will help in fostering the spirit of patriotism that has been let go to sleep in many hearts. It is there still and can be aroused. The waving of the Star and Stripes and national music help to quicken the patriotism. Teachers and pupils catch the spirit and it prevades their work.

More patriotism is needed as much in times of peace as in preparation for possible war that we hope will never come. It is needed to stimulate men to stricter observance of law and to the fuller realization of the principle embodied in the Constitution, that guarantees equal rights to all and special privileges to none.

The flag need not be expensive, but it should be over every school every fair day. Let the duty of raising and lowering the flag be shifted so that many will have the honor during the school session. It will not be long until each boy will begin to look forward eagerly to the day when it will be his time to take care of the flag. This early interest in the flag will help make a better citizen of him when he becomes a man.

BOARD TO SETTLE DATE FOR FARMERS' INSTITUTE.

At a meeting of the State Board of Agriculture to be held in Louisville today the question of the time and place for holding the State Farmers' Institute will be determined. The Institute was to have been held in Winchester, but was called off because adequate accommodations could not be secured at the hotels for the delegates. Lexington and Hopkinsville have been contending bidders for the honor of entertaining the members of the Institute.

RESIDENT GIVEN POWER TO ARM OUR SHIPS.

WASHINGTON, March 5.—Author- to arm American ships and pass- ington rights at sea would be vest- in President Wilson in a bill passed by the House, has been passed one of 403 to 13. It was passed for an all-day debate, in which the House aired its patriotism.

The measure as finally passed is far more satisfactory to the President, it is said, and Administration leaders will endeavor to have it amended before it is finally enacted into law to confer upon the President all the powers to meet the international situation which he requested.

The House voted down all efforts to after the bill, defending proposals to prevent the protection of ships carrying munitions to European belligerents.

Speaker Clark announced the vote amid applause and cheering. Opposition to the bill had faded during the day before patriotic appeals from leaders on both sides of the House, and when the roll was called only nine Republicans, three Democrats and the Socialist voted in the negative. They were:

Republicans—Benedict, of California; Cary, of Wisconsin; Cooper, of Wisconsin; Davis, of Minnesota; Helgeson, of North Dakota; Lindbergh, of Minnesota; Nelson, of Wisconsin; Stafford, of Wisconsin; Wilson, of Illinois.

Democrats—Decker, of Missouri; Shackelford, of Missouri; Sherwood, of Ohio.

Socialist—London, of New York.

The measure was sent over to the Senate, where it is expected the Senate committee's bill, approved by the President and authorizing not only the arming of ships, but the employment of "other instrumentalities," will be substituted.

Never since questions arising out of the European war began to agitate the House almost three years ago has there been such a display of patriotic nonpartisanship as was witnessed in the chamber.

Democrats and Republicans, even most of the members who heretofore have aligned themselves with the extreme pacifist group, joined in fighting for the bill. Representatives Heller, of Pennsylvania, generally recognized as reflecting the views of William Jennings Bryan, voted in the affirmative and announced his intention in advance. Democratic Leader Hittelman who heretofore always has stood against the Administration's preparedness plans, and Republican Leader Mann, whose utterances often have been strongly opposed to the President's international policies, voted for the measure, the latter having supported it in a vigorous speech.

IN FIVE MINUTES! NO INDIGESTION, GAS OR SOUR, ACID STOMACH.

The Moment "Pape's Diapepsin" Reaches the Stomach All Distress Goes.

"Really does" put upset stomachs in order—"really does" overcome indigestion, dyspepsia, gas, fermentation in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach antacid and regulator in the world. If what you eat ferments and turns sour, you belch gas and eructate undigested food or water; head is dizzy and aches; breath foul; tongue coated; your insides filled with indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin is worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of sick, sour, upset stomach during the day or at nights. It's the quickest, surest antacid for the stomach in the world. (adv)

LIGHTING THE MOTORCYCLE

The latest attachment for the ubiquitous motorcycle is a complete electric generating plant for lighting the headlight, similar to the apparatus used in automobiles. Up to now the heavy weight of such installations has prevented their use on motorcycles, but a light system, consisting of a regulator and generator taking its power from the turning axle has been perfected. The regulator keeps the voltage constant at varying speeds of the motorcycle. As a result of the new device, the motorcycle of the future may be expected to cruise with its own electric lights, freed from the dangers of batteries or carbide supply giving out.

HOW TO PREVENT CROUP.

A PORTABLE COLD WAVE.

When the last Hippodrome spectacle with its feature ice ballet took the road from New York, it seemed at first as though the great skating number, most popular on the program, would have to be left behind, for the question arose of how an ice tank could be produced on the stage of each fresh town visited. The directors solved the problem by constructing two complete portable ice-manufacturing plants, each unit of each plant—pumps, motors and piping—being mounted so that it could be loaded and unloaded, assembled and taken down without delay. While the company was playing in one town, the second ice plant was ahead at the next getting the stage ready. The water for freezing was held in place on the stage by a shallow canvas basin of 2,000 gallons capacity.

HAVE YOU A BAD BACK?

If You Have, the Statement of This Paris Resident Will Interest You.

Does your back ache, night and day? Hinder work; destroy your rest? Does it stab you through and through? When you stoop or lift or bend? Then your kidneys may be weak. Often backache is the clue. Just to give you further proof. The kidney action may be wrong. If attention is not paid. More distress will soon appear. Headaches, dizzy spells and nerves. Uric acid and its ills. Make the burden worse and worse. Laxatives and purgatives can't reach the inward cause at all. Help the kidneys—use the pills. Paris folks have tried and proved. What they say you can believe. Read this Paris woman's account. See her, ask her, if you doubt.

Mrs. J. C. Feltmann, 8, Pleasant Street, Paris, says: "A few years ago I was suffering with kidney complaint. My back was the worst source of pain and ached dreadfully. I found it difficult to bend or stoop. I had often read about Doan's Kidney Pills and I used a box. They cured me of the ailment. Whenever I have had any return symptoms, I have used Doan's Kidney Pills, procured from Oberdorfer's Drug Store and have received the same good results."

Price 50 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Feltmann had. Foster-Milburn Co., Props., Buffalo, N. Y. (adv)

TURKS IN RETREAT.

LONDON, March 5.—The remnants of the Turkish force retreating from Kut-el-Amara have been shattered completely, according to information given out in the House of Commons. The Turks, it was said, would reach Bagdad only as a disorderly mob.

Financial Secretary Forster said that more than 2,500 prisoners had been taken by the British since February 24, and that since the commencement of the offensive on December 30, some 5,000 Turkish prisoners had been taken. The total Turkish casualties in killed and wounded was estimated by Gen. Maude as more than 20,000.

MATRIMONIAL.

GOODE-FAULKNER.

—Mr. Wilbur P. Faulkner and Miss Florine Goode, both of Lexington, were granted a marriage license yesterday afternoon by County Clerk Pearce Patton. They were married shortly after at the residence of the officiating minister, Rev. W. E. Ellis.

TALBERT-BROWN.

—Mr. Jesse Brown and Miss Mary Talbert, both of Bourbon county, were married in Carlisle, Tuesday.

—Miss Maggie Belle Crump, of Nicholas county, and Mr. Wm. D. Allison, of Bourbon county, were married at the home of the bride, near Carlisle on the same day.

SKIDMORE-PHILLIPS.

—Mr. Wm. H. Skidmore and Miss Mae Phillips, both of Lexington, came to Paris, Saturday afternoon, and made application to County Clerk Pearce Patton for a marriage license. On account of the youthful appearance of the bride-to-be Clerk Patton caused her to sign an affidavit that she "was past, above and beyond twenty-one of age." County Judge Charles A. McMillan was called in and performed the marriage ceremony and the newlyweds hand-in-hand, left the court house as happy as any couple could be.

FISHER-SCHIEFFER.

—The marriage of Miss Elizabeth Frewitt Fisher, daughter of Mr. John I. Fisher, of Louisville, formerly of North Middletown, this county, to Mr. Ralph K. Schieffer, of Columbus, Ohio, formerly of Louisville, was solemnized quietly at high noon Saturday at the Central Christian Church, in Cincinnati. Mr. and Mrs. Russell Mayhall, and Mr. Emil Schieffer, Sr., of Louisville, were the only guests present at the wedding. After today Mr. and Mrs. Schieffer will make their home in Safford, Ohio.

The bride is a sister of Mr. Warren E. Fisher, editor of the Carlisle Mercury, and was for two terms a member of the Paris High School faculty.

TAX ON AMUSEMENTS.

Race tracks and all places of amusement in Kentucky would be taxed 10 per cent. of their gross earnings if the bill introduced by Representative T. A. Dover, of Jefferson county, becomes a law. Dover says that the bill will bring enormous revenues to the State. He knows that it will meet with strong opposition. It is proposed that the 10 per cent. tax be levied instead of the ordinary license for such places of amusement. Places of amusement will include picture shows, dance halls and ball parks.

Gerard, according to reports, came very near being decorated with the German order of the double-cross—Atlanta Journal.

DEATHS.

CARROLL.

—The infant son of J. C. Carroll was buried Thursday afternoon in the Paris Cemetery from the residence of his parents, at the corner of Main and Twelfth streets.

McKEE.

—Mr. Thos. McKee, aged eighty-eight, a brother of Mrs. Agnes McKee Arkle, of near Paris, died at his home in Beverly Township, in Canada, recently, after a short illness. His sister, Mrs. Arkle, of Paris, and one brother, Mr. James McKee, of Canada, are the only survivors of a family of six children.

BENTLEY.

—Funeral services over the body of Mr. Charles Bentley, a former resident of Little Rock, this county, who died in the Good Samaritan Hospital, in Lexington, after a short illness, were held in the Chapel in the Lexington Cemetery. Mr. Bentley is survived by several brothers and sisters, two of them residing in this county. Mr. Bentley had lived on his farm near Little Rock many years. He was taken to the Good Samaritan Hospital last week suffering from pneumonia.

BANTA.

—The funeral of Mr. Lot Banta, aged ninety-one, who died Thursday night at his home near Little Rock, after a short illness, was held at Little Rock, Saturday afternoon at three o'clock, with services conducted at the home, by Rev. Metcalfe. The burial followed in the old Banta burying ground near Little Rock.

Mr. Banta's wife died fifty years ago. He is survived by four children, Mrs. Margaret Sparks and Breckinridge Banta, of Little Rock; Andrew Banta, of Oklahoma; and James Banta, of Lexington. He was an uncle of Mrs. Lucy Squires, of Paris.

ROBERTSON.

—Mr. Solomon Robertson, aged seventy-four, for many years Clerk of the Nicholas Circuit Court, and Trustee of the Jury Fund of Nicholas county, died in St. Joseph's Hospital, in Lexington, Saturday, after a long illness of stomach trouble. Mr. Robertson was a prominent Mason and for twenty years was secretary of the Carlisle Masonic Lodge.

He is survived by two daughters, Mrs. Rodney McCord, of Covington, and Miss Olive Robertson, of New York, a distinguished and accomplished musician, who has appeared in recitals here several times. The body was taken to Carlisle, where the funeral was held yesterday.

VANARSDALE.

—The body of Mr. Elijah Vanarsdale, father of Mrs. C. B. Mitchell, of Paris, who was killed by a train near Lakeland, Florida, last week, was brought to Paris, Saturday afternoon, for interment in the Paris Cemetery. The funeral was to have been held Friday afternoon, but due to delays in railway connections, it did not arrive at his old home near Harrodsburg, until Friday afternoon. Services were held at the family home, conducted by Rev. J. A. Trostie, of Harrodsburg. The remains, accompanied by Mr. C. B. Mitchell, of Paris, Mr. Abel Sharp, and Misses Isabel and Lucile Sharp, of Talmadge, Mercer county, was brought here Saturday afternoon and taken direct to the Paris Cemetery, where the interment took place. The pallbearers were Jos. James, Jas. Daugherty, E. B. January, John W. Larkin and Robert L. Frank.

Mr. Vanarsdale was a fine type of the old-time gentleman, and made a host of friends here on his numerous visits.

HANLY.

—Miss Mary Hanly, aged seventy-nine, one of the best-known and best-beloved women of Mt. Sterling, died at her home in that city Friday of peritonitis, after a long illness. She was born and reared in Mt. Sterling, where she had lived all her long and very useful life. She was foremost in all works of charity, and was one of the most lovable women in Mt. Sterling, respected and highly esteemed by all who knew her.

Miss Hanly was a sister of Mr. John Hanly and Mr. Joe Hanly, both former residents of Paris, and now residing in Kansas City. Besides these two brothers, she is survived by two sisters, Mrs. Margaret Ragan, of Mt. Sterling, and Mrs. Betty Dorsey, of Umatilla, Florida. Messrs. Jos. and John Hanly arrived Saturday to attend the funeral, which was held Sunday afternoon, the interment following in Macpelah Cemetery, at Mt. Sterling. Miss Hanly was an aunt of Mr. Hanly Ragan, of Kansas City, for many years well-known in newspaper circles in this State, having been sorting editor of the Louisville Herald.

BIRTHS.

—A son was born in St. Louis, Mo. Sunday, February 25, to Mr. and Mrs. Wm. M. Rogers. The lad has been christened Winston Bratton Rogers. The mother was formerly Miss Annie Laurie Brown, of North Middletown, a niece of Mr. Jos. W. Hart, of Paris.

FIGHTING SLEEPING SICKNESS

One of the little islands in the Gulf of Guinea near the African coast has been swept clear of sleeping sickness by modern methods. Sleeping sickness is carried by the tsetse fly, and the hundreds of men in the army of sanitation were turned into walking fly-paper during the campaign. They wore canvas suits coated with a sticky substance similar to that used in commercial fly-papers. Five years ago one man sometimes caught 500 flies a day. This squad of 300 caught 17,000 a month. For the last nine months not a fly has been caught, and the sickness has disappeared from the island.

FARMERS' INSTITUTE AT NORTH MIDDLETOWN, MARCH 8-9.

The North Middletown Commercial Club will hold its third annual Farmers' Institute on March 8 and 9. The program announced indicates that it will be the most extensive and the most successful of any yet undertaken there.

The meeting of the Institute will be opened with an address by Matt Cohen, State Commissioner of Agriculture, on "Kentucky's Agricultural Opportunities." Prof. W. D. Nichols, of the State Agricultural Experiment Station at Lexington, will speak on the subject, "Agriculture on The Farm." In the afternoon Geoffrey Morgan, in charge of the county agents of the Extension Department, will speak on "Community Organization." Dean George Roberts, of the College of Agriculture, will speak on "Legumes." Miss Mary E. Sweeney will discuss "Rural Home Economics." On Thursday evening Lieut. Gov. Jas. D. Black will deliver an address on "The Future of the Kentucky Mountains." Friday's program includes addresses by R. L. Blastock, of Walnut Hall Stock Farm, on "The Good Shepherd;" and H. F. Hillenmire, on "The Orchard;" in the afternoon addresses will be made by Hon. Reuben Hutchcraft, of Paris, on "The Tax Laws;" Prof. C. M. Truax, on "Pigs;" and Prof. D. M. Slade on "The Baby Chick." Prof. H. H. Cherry, of the Western Kentucky State Normal School, at Richmond, will speak in the evening on "Kentucky Rural Education," and plans have been made for a high-class concert to wind up the proceedings on Saturday night.

North Middletown is ten miles from the closest railroad, and has only a few hundred residents, so that its interests are tied closely to the adjoining districts. The Commercial Club has been working hard to make the Institute a success.

STOCK, CROP, ETC.

—In Scott county last week, J. L. Carrick & Co. bought of Mr. Skinner, of Bourbon, one hundred and ten barrels of corn at \$5.10, delivered. Robt. Ward, of Newtown, bought of Mrs. C. L. Garth, of Lexington, 250 barrels of corn at \$5.50 barrel.

The prospect for a good wheat crop this year, according to a well-posted Bourbon county farmer, is not as promising now as it was a few weeks ago. It seems that after the heavy snow and sleet the cold weather which followed, froze and injured the young shoots, though the extent of the damage is not yet positively known.

KENTUCKY STOCKMEN EFFECT ORGANIZATION

For the purpose of advancing the interests of pure-bred live stock industry in Kentucky, preliminary steps toward formation of a strong organization were taken at a recent meeting in Louisville. Prominent stock men from all over the State were present. C. E. Tarvin, of Payne's Depot, was elected Temporary Chairman and L. B. Shropshire, Louisville, Secretary. Permanent headquarters are to be established at Louisville at once.

The organization will encourage particularly the raising of pure-bred stock, and it is announced the body will promote a system of operation whereby thousands of dollars will be kept in the State which previously has gone elsewhere.

A committee of five was appointed to draft plans for permanent organization, which will be effected in a meeting on April 5. The committee is composed of J. L. Lettrelle, Harrod's Creek; R. H. Lillard, Lawrenceburg; H. O. Moxley, Shelbyville; W. R. Moorman, Glendean, and John E. Newman, Bardstown.

PRICE OF HEMP SEED TAKES ANOTHER JUMP

The latest quotations on hemp seed according to a local dealer, places the price of that article at \$13.50, with a prospect of its going to \$14 before very long. In less than two weeks' time there has been a sharp advance of \$1.50 per bushel. The supply is now said to be hardly equal to the demand.

The orders which have been received by the dealers of Paris for hemp seed may be taken as indicating they will put in a larger acreage of hemp this season than has been the custom for many years. The crop with some farmers will, in a large way, supplant tobacco. Seeding will begin in April, and the growers who are contemplating putting in a larger acreage have been putting in their orders for the seed early in order that they will not be up against the condition that existed last season, when practically the entire seed crop was exhausted before the growers had time to realize there was a shortage.

There is said to be a scarcity of seed that will be likely to force the price still higher during the next few weeks, although one dealer said Saturday that it was more than likely there would be a small decline in price.

MILLERS' ASSOCIATION TO MEET IN LEXINGTON

Mr. B. M. Renick, of the Paris Milling Co., President of the Kentucky Millers' Association, has called a meeting of that organization to be held in Lexington on next Thursday, March 8. Notices of the meeting have been sent out by Mr. W. H. Warren, of Stanford, Secretary of the Association. More than forty millers in Central Kentucky are members of the Association, all of whom are expected to attend the meeting.

WHEN ALFALFA SHOULD BE CUT

In general, alfalfa should be cut for hay when the young shoots at the bases of the plants first appear. If these new shoots become long enough to be cut off by the mower, the new crop may be badly damaged. The blossoms often appear simultaneously with the new young shoots, but blossoms alone are not a safe guide to the time for cutting.

PRESIDENT AND VICE-PRESIDENT INAUGURATED FOR SECOND TERM.

WASHINGTON, D. C., March 5.—President Woodrow Wilson took the oath of office for his second term at noon yesterday in his room at the Capitol, and was formally inaugurated Monday with public ceremonies reflecting a great National expression of patriotism. Before a desk piled high with executive business laid before him in the closing hours of Congress, and surrounded by members of his official family, the President reaffirmed his promise to uphold the Constitution in whatever crisis may confront the Nation in the momentous four years before him. After he had solemnly repeated the oath taken by President Washington a century ago President Wilson kissed the Bible at the passage reading: "The Lord is our refuge, a very present help in time of trouble." Chief Justice White administered the oath, and was the first to extend his congratulations.

Today the President took the oath again, this time the ceremony taking place on the inaugural stand before the Capitol. The President decided to comply literally with the constitutional stipulation that he take the oath of office at noon on the 4th day of March. Vice-President Marshall took the oath of office to-day at the same time as did President Wilson.

FORMER DEPOT EMPLOYE FILES SUIT FOR DAMAGES

Suit against the Louisville & Nashville Railroad Company for \$25,000 damages has been filed in the office of Circuit Clerk Wm. H. Webb, in Paris, by Mr. R. L. Briggs, of Paris.

On November 21, 1916, Mr. Briggs, who was employed at the Louisville & Nashville freight depot, on Third street, in this city, was thrown between two freight cars, receiving injuries, he alleges in his petition, about the head and body and a shock to his nervous system, which, combined, have totally incapacitated him from earning a living. Briggs was employed as a freight handler.

Briggs claims that while employed as a freight handler at the depot he was engaged in transferring freight from one car to another, and that, while removing a skid plank connecting the two cars a freight engine hit the ground, the heavy plank falling on him, inflicting injuries which, he alleges, have prevented him from resuming active work.

MEASLES EPIDEMIC IN CARLISLE.

Fifty cases of the measles in Carlisle last week made the prevalence of the disease assume the proportions of an epidemic. Six children in the family of Mr. A. J. Earr had the disease at one time. The enrollment of pupils in the Carlisle Graded School was seriously affected, ten children in one grade, the Third, being reported down with the measles. The authorities are doing all in their power to combat the disease, and all due precautions are being taken to prevent its further spread.
